Lock the iPad home button

In iOS 6 you can limit an iPad to one app by disabling the 'home button' access and restricts touch input on certain areas of the screen enabling the iPad to be left unattended. Only available on iPad 2 and above.

1 Go to Settings
2 Tap General
3 Scroll down to Accessibility
4 Scroll down to Guided Access
5 Tap Guided Access
6 Switch Guided Access to on and Set Passcode if not already set
7 Go to an app with a scrolling picture, triple click on the Home Button, Press Start in the top right-hand side of screen. Your screen is now locked
8 **To unlock** - Triple click the home button, enter your passcode and in the top left-hand side click End.

To remember your code
