

Pop Up 'Magnetic Style' Assembly Instructions

Ensure all components are available for assembly.

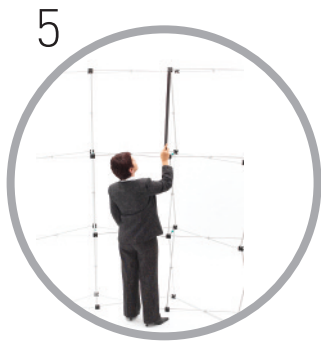

Position space frame with lamp fittings on top and towards you.

Open structure until magnetic locking bars snap together.

Place magnetic rails vertically into hubs and let snap into place.

Start at the top and continue downwards until all are positioned securely.

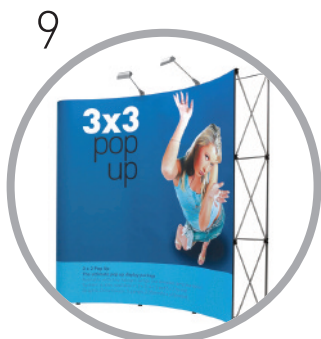

Slide halogen lamps onto fittings.

Locate the magnetic buttons on the back of the graphic into the top of the system.

Let the graphic's magnetic strips gently grab the side rails from top to bottom taking care not to crease the graphic.

Continue until all panels are in place. Taking the Pop Up down is the reverse of assembly.
